PREWASH DETERGENTS

ENZYM 1500® conc.

concentrated enzymatic detergent for heavily proteinous- and blood-soiled linen

Liquisan B®

liquid powerful alkaline concentrate for the Liquisan system

MK 66®

alkali booster based on silicates

Ten-Enzym® CR

enzymatic pre-wash detergent for white and colored textiles, nil phosphate

Trisanox A®

enzymatic pre-wash detergent (e.g. for extremely blood and protein soiled work-wear clothes (butcher, hospital, kitchen, etc.)

DETERGENTS WITHOUT BLEACH

ALIPLEX®

detergent without bleach for all purpose, stock solutions possible

Liquisan A®

liquid detergent with odour absorber for economic processes, nil phosphate and nil silicates

Liquisan A® aufhellerfrei

liquid detergent for economic processes, nil phosphate, nil silicate and nil optical brightener

OLISSO® power

liquid alkalized detergent with a high performance

OLISSO® power PF

liquid alkalized detergent with a high performance, nil phosphate

Tena® ECO

ecological detergent without additives, phosphate and NTA-free, very low COD value

Tena® PF

detergent for hygienic textiles, nil phosphate

Tena® ST

concentrated detergent for high-quality processes and used for stock solutions possible

Tenalan® W

concentrated powder detergent with ironing lubricant

UNIPLEX®

detergent with reduced phosphate content for economic washing processes, usage for stock solutions possible

FULLY FORMULATED DETERGENTS WITH BLEACH

BURNETT®

phosphate-free detergent containing bleach for economic washing processes

Clean-Super®

high performance all purpose detergent for all ranges of temperatures

Monosan®

heavy duty detergent with disinfection at 60 °C for the best wash results, RKI listed A/B

Monosan® PF

heavy duty detergent with disinfection at 60 °C for textiles with membranes, nil phosphate

SENSOX®

low-temperature disinfecting stainbuster for 40 °C processes

Zeiss-Germatex®

hygienic detergent with disinfection at 60 °C, RKI listed A/B

Zeiss-Lavamat®

compact heavy duty detergent with phosphate for light to medium soiled textiles, except wool and silk

DETERGENTS FOR THE MAIN-WASH ZONE

HAAS-Perplex®

bleach booster based on oxygen

Trisanox B®

active oxygen activator for chemothermal linen disinfection

DETERGENTS FOR WORK-WEAR CLOTHES

BURPAL® universal

detergent for work wear and colored table linen, nil optical brightener

CV-Perfekt®

special detergent for textiles with membranes and protective clothing, nil optical brightener

Penta-Basis®

powerful basis detergent with anti-greying function for heavily soiled textiles (e.g. mechanics) used in the Penta®-System

Purlovan®

Special liquid detergent for clean-room clothing (e.g. overalls, hoods) and suitable for ESD (Electric Static Discharge) protective clothing

Ten-FW®

special detergent with high alkalinity for extremely soiled linen (e.g. butcher)

Waschkomplex® PB

detergent for heavily soiled work wear (e.g. mechanics) and mats

DETERGENTS FOR SENSITIVE TEXTILES

BURNETT® color

detergent for colored textiles with color-protective additives for economic washing processes

BURTI® flüssig

liquid detergent with biological stainbuster for the cleaning of sensitive textiles, nil phosphate

BURTI® odoro

phosphate-free enzymatic liquid detergent with odour absorber for gentle action washing processes

BURTI® perfekt

enzymatic detergent for color and fibre care

BURTI® spezial

enzymatic detergent for colours and all water hardness ranges - nil bleaching agents, nil optical brightener

HAAS-Vix® S

detergent paste for all kinds of sensitive textiles, especially for delicate fabrics (e.g. feather pillow)

HELLOPAN®

detergent for colored and sensitive textiles for protein removal

IMPROTEX® perfekt

detergent for curtains with pleasant scent, nil phosphate

Polytenol®

detergent for curtains of synthetic fibre for best whiteness results

Sensobright®

detergent for delicate white fabrics and wet-cleaning processes

Sensolan®

detergent for delicate colored fabrics and wet-cleaning processes

Ten-Soft®

wool detergent with improved scent technology for delicate fabrics

EMULSIFIER AND DEGREASER

CV-Continue® 40

degreaser for oil and fat removal especially for the prewash zone of a CBW

CV-Konzentrat®

emulsifier for high temperature processes, also used as spot remover

Penta-Sol®

emulsifier for odour removal of heavily soiled textiles

Penta-Sol® ultra

emulsifier for cleaning of heavily soiled textiles at 55 °C

Ten-Combi® hp

special degreaser for the toughest fat/oil stains of all kinds

Ten-Combi® PB

degreaser for colored work wear (e.g. mechanics) and dust mats for 70 °C processes

Ten-Combi® ultra

degreaser for white and colored work wear and dust mats for 60 °C processes

VITESSA® Additiv

pasty detergent booster for oily and fatty soiled linen

ADDITIVES FOR STARCH AND PROTEIN REMOVAL

Appex® A

liquid enzyme for stains based on starch

BURZYM®

liquid enzyme for low-temperature and low-alkaline processes especially for blood removal in hospital linen

Enzonom®

liquid enzyme for white linen, suitable up to 60 °C

BLEACH BOOSTER

BURAKTIV®

oxygen based stainbuster

TELESIL® conc.

oxygen based stainbuster for low-temperature bleaching

Ten-Oxyd®

liquid oxygen based stainbuster for environmental friendly processes

Trisanox®-Aktiv

liquid bleach-activator with full performance from 60 °C

Trisanox®-Oxyd

highly active oxygen bleaching to disinfect in combination with Trisanox®-Aktiv

DISINFECTION

Mikrostat®

bacteriostatic agent for the press and rinse zone

OXYPLEX®

disinfection and bleaching agent

OXYPLEX® plus

concentrated bleach and disinfection agent

Penta-Aktiv®

disinfection and bleaching agent

Penta-Aktiv® med CE-geprüft

concentrated laundry disinfectant and bleaching agent, for the chemothermal disinfection of textile medical devices

Sterisan®

oxygen based disinfection and bleaching agent for increased linen life time at 40 °C

Tenasan®PF

powdered bleaching agent based on active chlorine, nil phosphate

TRIXON®

powdered chlorine based stainbuster with optimized shelf-life for chemothermal linen disinfection

TRIXON® liquid

liquid stainbuster based on active chlorine with reduced decomposition rate

STARCH AND FORM RINSING

BURNUS® Weizenstärke flüssig

liquid starch based on wheat

BURNUS® Wäschestärke

wheat based starch in powdered form for optimized finishing results

Dekotex®

liquid synthetic starch for best results, ready to use

Directa Reisstärke

powder starch based on rice for table linen

HAAS-Stärke®

powder wheat starch, soluble under cold-water conditions

Reisstärke flüssig

liquid rice starch with long-term preservation

Solvitex® Stärke

modified starch for colored flat linen with increased proportion of polyester

WATER REPELLENCE / MATS

Hydro-Stop®

water repellent based on a fluoropolymer for resistance to penetration of liquids

FABRIC SOFTENERS AND NEUTRALIZERS

BUROSA® medex

combined hygienic agent and neutralizer for the acidification

Citrosan®

neutralizing agent based on citric acid for responsible care processes

Neutra-Cid® futur

neutralizing and rust removal agent for increased whiteness of linen

Penta-Soft®

fabric conditioner with antistatic action for polycotton

Tenapré® 2-fach

doubled concentrated fabric softener including long-life perfume

Tenapré® Exquisit

combined fabric softener and neutralizer

Tenapré® Plus

combined fabric softener for wrinkle reduction and sud suppressor

Tenapré® Sept

softener with microstatic action

Tenapré® T

concentrated softener for ultimate softness

WET CLEANING

LAVAPLEX® APPRETUR

fibre care agent designed for wet cleaning processes

LAVAPLEX® BASIS

liquid detergent for gentle wet cleaning processes

LAVAPLEX® DESINFEKT

bleach- and disinfection agent for wet cleaning processes at 40 °C

LAVAPLEX® FINISH

scented softener for improved finish results

LAVAPLEX® FLAMMPROTECT

flame retardant for textiles

LAVAPLEX® HYDROPROTECT

water and oil-repellent agent with anti-soiling capacities for all type of fibres

LAVAPLEX® LANA

liquid detergent to take care of wool and delicate garments

LAVAPLEX® SARTOR

leather cleansing agent with fat-restoring action

FRAGRANCE-FINISH

Nanowell®-Bergfrisch

the fragrance of mountain freshness at your fingertips - by the release of fragrance in laundry use

Nanowell®-Maiglöckchen

the fragrance of lily of the valley at your fingertips - by the release of fragrance in laundry use

Nanowell®-Sommerwind

the fragrance of summer wind at your fingertips - by the release of fragrance in laundry use

SPECIAL PRODUCTS

BURMATIC® 1

phosphate-free liquid cleaning agent for laundry transport containers

BURMATIC® N

phosphate-free rinse aid agent for laundry transport containers

BURNOVA®

optical brightener for increased whiteness

Desiclean® N

disinfection agent for surface cleaning

Desinfekt® N

disinfectant for spray application (e.g. linen containers, transport trucks), ready to use

Flüssig-Seife

liquid soap for increased ironer capacity

HAAS-Nadelseife®

soap powder with a high content of fatty acid

Kalkbindezusatz®

phosphate based water softener

OPTEEL®

sequestering agent and metal scavenger to complex water hardness and to reduce chemical damage

Tensolve®

active cationic anti-static agent to prevent electrostatic charge in textiles

Tensorb®

liquid, highly effective cellulase enzymes to gently reduce fluff

DRY-CLEANING

BURNUS® Entfärber spezial

reductive bleaching agent for spot-removal in 1,2 kg sizing

BURNUS® Rostentferner

remover for rapid removal of rust and metal stains

CARDYL® gelb

special spot-remover for removal of starch and protein type stains

CARDYL® grün

special spot-remover for removal of stains containing vegetable colouring matter and tannins

CARDYL® rot

special spot-remover for removal of wax- and plastic type stains

Entfärber

reductive bleaching agent for discolored textiles

OROLASE® liquid

liquid, highly effective protease-concentrate (e.g. for stains of denaturated proteins)

ROFAN®

special spot-remover for rapid removal of stains containing pigments such as greases, paints, lipstick or nail lacquer
