

SENSOX®

Wellbeing needs closeness. And cleanliness needs SENSOX®.

The reliable formula for laundering and disinfecting delicate textiles in retirement and nursing homes: SENSOX®. Effective cleanliness at 40 °C. Thanks to highly effective oxygen bleach – with no phosphates or silicates. Stains lose their grip at temperatures as low as 30 °C. Gentle on colours and fibres.

And the laundry smells pleasantly fresh. It's completely perfume free, so it's safe even for sensitive skin.

Innovative. Efficient. Sustainable.

SENSOX®

Low temperatures, but highly effective. That spells economical hygiene for nursing homes that use SENSOX®.

Product type

SENSOX® combines washing and disinfection. Safe and easy to use. For economical state-of-the-art cleanliness. Highly efficient, gentle and reliably effective even as low as 40 °C. With convincing protection for colours and fibres and lowest tenside residues in your textiles. And it's effective against MRSA.

Experts confirm its reliable cleanliness and compatibility, which is why SENSOX® is listed as a chemothermal laundry disinfectant by the Association for Applied Hygiene (formerly the German Society for Hygiene and Microbiology) and registered with effectiveness range A/B at the Robert Koch Institute.

Hygienic care. Cleanliness for better living. With SENSOX® from BurnusHychem.
